

CRN240 Workplace Skills I Syllabus

Course Information

Credits	2
Campus	Washburn Institute of Technology
Address	5724 SW Huntoon
City/State/Zip	Topeka, Kansas 66604
Office Fax	785-273-7080

Description

This course prepares students to write and present documents often found in technical settings. Students will create technical summary documents, sets of instructions, technical illustrations, and technical presentations. Students will develop and enhance appropriate workplace appearance and behavior.

Prerequisite: Concurrent enrollment in CCNA I and CCNA II.

Textbooks

Student Learning Outcomes:

- A. Communicate effectively
- B. Integrate technology
- C. Learn effectively
- D. Demonstrate cooperative teamwork skills
- E. Apply safety in the workplace
- F. Think critically and creatively
- G. Demonstrate responsible work ethics

Competencies

- 1. Create technical documentation.
- 2. Write a set of technical instructions.
- 3. Create presentations of technical information.
- 4. Demonstrate professional workplace skills.

Guidelines for Success

Assessment Plan

Assessment is an integral part of the educational process at Washburn Tech and accurate feedback is an important tool in continuously improving the institution's technical programs. Students can expect to participate in assessment activities prior to entry into programs, within specific courses and following program completion for specific fields of study.

Grading Rationale and Grading Scale

Grading Criteria

90% or above A

80% - 89% B

70% - 79% C

60% - 69% D

Below 60% F

Students must have a cumulative 2.0 (on a scale of 4.0) or greater grade point average to pass this course. Students must have a cumulative 2.0 (on a scale of 4.0) or greater grade point average after completion of all required courses to graduate.

Grading Rationale:

Course evaluation will be based on performance on quizzes, tests, projects, lab assignments, papers, presentations, and weekly performance. Tests and quizzes will be in short answer, long answer, fill in the blank, true or false, matching, or multiple choice form and will cover material from lectures, reading assignments, textbooks, labs, and projects. Unexcused absences from tests will result in a score of zero for the test. Instructors must be notified in advance if a student will not be present when a test is given.

Late Work

Timely submission of assignments, as in the workplace, is critical for success. Late assignment submissions will be accepted at the discretion of the instructor and are subject to a penalty of 20% per class beyond due date. Chapter tests, quizzes, presentations, class activities, and performance assessments are not eligible for late submission.

This course uses Desire 2 Learn (<https://d2l.washburn.edu>) for content delivery and grades. You may access your most current grade at any time by visiting the above URL.

Attendance

Attendance is a key part of success in the program and attendance hours cannot be made up. However, there are times when a student will have to be absent. It is their responsibility to notify the instructor of any absences. The hours that you were not in class cannot be replaced. You will miss valuable information shared either by your instructor or with other students. Many times you will miss "one-shot" opportunities for lessons, labs, or quizzes which cannot be made-up. Students are responsible for obtaining the work that can be made-up. As outlined in the student handbook several types of absences are "no-charge". The Director of Student Services will determine whether absences should be treated as such. No-charge absences do not count against your attendance record.

Dress Code:

All students will be expected to wear properly fitting apparel suitable to this area of work, often known as "business casual". All dress code policies of Washburn Tech will be followed with the following enhancements for this program:

1. All students will wear slacks while in class. Blue jeans are not appropriate for this program.
2. All shirts must have a collar and will be buttoned and tucked.
3. Sandals and open shoes are not appropriate.

Any student in violation of the dress code will be asked either to leave or spend the day in Student Services, forfeiting their daily points.

Disability

The Americans with Disabilities Act (ADA) Office is responsible for assisting in arranging accommodations and for identifying resources at Washburn Institute of Technology for persons with disabilities. Qualified students with disabilities **MUST** self-identify by completing an application. In addition students must provide appropriate medical documentation to the ADA coordinator to be eligible for accommodations. New requests for accommodations should be submitted at least two months or more prior to the date the accommodations are needed. However, please contact the ADA office as soon as a need may arise. Depending on the accommodation request, four to eight weeks lead time may be needed for timely and effective provision of accommodations.

The ADA Office coordinates and assists in arranging accommodations it deems appropriate for eligible students on a case-by-case basis. If you are a student with a disability that may substantially limit your ability to participate in any of our classes and you believe that you will need accommodations, it is your responsibility to contact:

ADA Coordinator, 785.670.3365 or gloria.christian@washburn.edu.

Washburn University prohibits discrimination on the basis of race, color, religion, age, national origin, ancestry, disability, sex, sexual orientation, gender identity, genetic information, veteran status, or marital or parental status. The following person has been designated to handle inquiries regarding the non-discrimination policies: Dr. Pamela Foster, Equal Opportunity Director/Title IX Coordinator, Washburn University, 1700 SW College Ave, Topeka, Kansas 66621, 785.670.1509, eodirector@washburn.edu.
