

BUILDING TECHNOLOGY (CARPENTRY)

a construction carpenter in 2015 was \$15.49 an hour or \$32,224 annually, and the average salary was \$18.12 an hour or \$37,695 annually. Carpenters' District Council for our area reports the current average wage for a union residential carpenter is \$16.50 an hour and \$24.28 an hour for a union carpenter.

Entry Requirements

Students are required to take the Accuplacer and score of minimum of 4 in both Reading and Math. Other assessments or college coursework can be accepted in place of this exam. Please see a recruiter for details. Students also must complete an application and submit an official copy of all transcripts.

Certifications

- OSHA-30 Construction
- NCCER Core
- Carpentry I

AO-K Program

Students who would like to earn their GED diploma while gaining technical training may take this program as part of Accelerating Opportunity: Kansas (AO-K). Costs to the student are greatly reduced. For more information, contact Mandy Cox at 785.670.2601.

If you want a career that is hands-on, challenging and driven by deadlines, building technology might be made for you. A construction trades technician works on both commercial and residential projects, utilizing a wide range of skills and knowledge. Our program prepares you in several different areas, from surveying and concrete work to drywall and roof framing.

Learning at Washburn Tech

This program covers basic theory and hands-on experience in carpentry, roof framing and masonry. Attending half-day, you can complete the program in two semesters and earn a 25-credit-hour technical certificate.

Job and Salary Outlook

Employment is expected to grow much faster than average for construction carpenters. According to the Kansas Department of Labor, the average entry-level salary for
